Mon imagier à colorier [ref. C0199]

6 titles of 48 pages - Handle shaped -
207 x 265 mm

parrot

bicycle

birthday cake

carrots

fairy

duck

A new classic **educational colouring series**, always appreciated by young children and their parents. One simple and large illustration per page helps the children get familiarised with their **day-to-day objects!** By the time they finish the colouring, their eyes will have pictured the words, thus helping them later on when learning basic vocabulary! The **handle-shaped** format has been nicely designed to allow the little ones to proudly carry their books around.
