**A series packed with vitamins  
for the body and the brains!**

This educational series offers our young readers a variety of cool exercises with fruit and vegetables. It also contains activities, gourmet creations and recipes they can prepare together as a family! In a very amusing way, this delicious collection will also explain to the children more about the fruit and vegetables and how to appreciate them better. As a bonus, they'll get a colourful magnet packed in a polybag on the cover of each title.
