

Color Your Country

Colorie ton pays [ref. Co175]

TAILOR MADE SERIES

Number of titles, pages and size to be determined

Foreseen publication date:
To be determined

Deadline for material:
To be determined

There is no better way for young children to learn about their country and to remember the names of its wonders!

A brand new copy-to-colour concept that has proved to be a winning formula. You select 24, 32 or more major landmarks, sceneries, buildings, local well-known animals or symbols of your country and supply us with their names in one or more languages and ideally their pictures (photo's or google images). With all that information, we will create and deliver you a fantastic colouring book tailored to your very own local market.
