

# Let's Learn Together

## Tout apprendre à mon enfant

This series of 3 titles, one for each year of kindergarten, has a very interesting concept: not only are the exercises adapted to the basics children will learn at school but each title also has a 3 fold cover with a wipe-clean flap. Making mistakes is therefore not a problem as they'll be able to wipe it off and start over and over for hours of playful learning. Furthermore, the educational fields and objectives are specified on each page to allow parents to better understand the aims of the exercises.

3 titles of 32 pages
